

Northeast Greenway Solutions

I WANT YOU TO BE A GUEST ON MY PODCAST!

<https://www.greenwaysolutions.org/podcast>

BASIC THEMES I'M INTERESTED IN:

REAL ESTATE, COMMUNITY DEVELOPMENT, AND THE ECONOMIC DEVELOPMENT SPACES

- I'd love to hear from my buyers over the years who bought houses near a rail trail and how that has worked out.
- Other Realtors to tell about their experiences in selling houses near to a rail trail--or just want to learn about the space from me.
- How about professionals in the Planning or Community Development space. Folks in the consulting world, regional planning agencies, municipalities and state agencies. Chambers of Commerce, Rotary Clubs, or Regional Tourism Councils. How about our elected officials at all levels in all states in the northeast.

RAIL TO TRAIL LIVING

- What is it like living in a neighborhood with a trail
- I used to hate the idea of a trail coming to my 'hood, but now I love it. (Yes. There are people like this out there.)
- What makes this neighborhood so different.

BICYCLE TOURISM

- Tour operators. How's it going?
- Wanna be tour operators.
- Tours you've loved, or hated. And what makes a great memorable tour.
- Leaders in the tourism sector in Mass and other places. Tourism is the 3rd largest industry in Mass, but long distance, multi-day journeys is nearly unheard of.

BED & BREAKFASTS

- Many of the American population has dreamt of owning/operating a bed & breakfast. And we need to stand up accommodations along the MCRT. We'll be talking about the how, the why, and the how much fun it is.
- People who love to stay in bed & breakfasts and talking about their experiences
- Leaders in the best companies providing guest management services.
- People who have been operating a bed & breakfast and having the time of their lives.
